4493

Dated 30-11-55

[Despatch Abstract.]

1955-56 - District - District Live Stock Farm, Kof
to be established - Estimate Rs. 300/- Approved.

Roc.No.B2.1958/55.

Animal Husbandry Department,
Triplicane Post, Madras,
Dated 23rd June 1955.

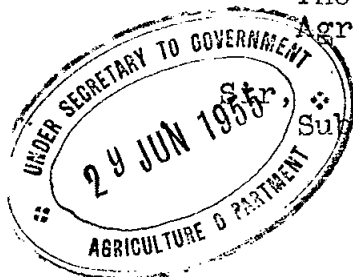

From

Sri V.R.Rajagopalan, G.M.V.C., Dip., Bact. (Manchester),
Director of Animal Husbandry, Madras.

61308

To

The Deputy Secretary to Government,
Agriculture Department, Madras.

Sub: Livestock--District Livestock Farm, Koila, South
Kanara District--Construction of calf stalls--Pro-
posal.

The accommodation available at present in the District Livestock Farm, Koila, South Kanara District for calves is only one block consisting of four small pens and three big pens having in all a total floor space of 500 square feet. The minimum floor space required for a calf is 10 sq. feet and at this rate, the present accommodation is sufficient only for a maximum of fifty calves.

2. The present number of calves in the farm is 75 and much inconvenience is experienced in finding sufficient accommodation for all the calves. This number will be increasing gradually from time to time as the number of animals in the farm and their calvings increase, and it is very necessary that sufficient sheltered accommodation should be provided for the healthy growth of the calves as the area is a heavy rainfall area. In this connection Dr.K.Balappa Chetty, Secretary, Livestock Improvement Association, Hampankatta, Mangalore, who is an Honourable Visitor to the District Livestock Farm, Koila, South Kanara, appointed by Government has also stressed the need for provision of additional calf stalls, which has been intimated to Government in this office letter D.Dis.No.627-DI/54 dated 22-11-54.

(H) 3. It is proposed to construct two more calf stalls, one on each side of the existing stalls, which will provide accommodation for 100 calves. A plan and an estimate amounting to Rs.8,500/- for one calf stall, obtained from the Executive Engineer, South Kanara Division, Mangalore are enclosed. I request that Government may be pleased to approve an expenditure not exceeding Rs.17,000/- (Rupees Seventeen thousand only) for construction of two calf stalls one on either side of the existing cattle stall in the District Livestock Farm, Koila. Even now the calves are subjected to be drenched in heavy rains when they are taken to the milking sheds for milking. This arrangement will give sufficient protection for drenching.

4. The expenditure is debitable to "50.a.Civil Works-Original Works-Buildings-Postwar Reconstruction-I.Ordinary areas-O.Veterinary-Major Works" and the work is to be executed by the Public Works Department.

Yours faithfully,
5

J. Victor

Sir,

Sub: Live Stock -District Live Stock Farm, Koila,
South Kanara District - Construction of Calf
stalls - Proposals.

Ref: Memo No.61308 AI-V/55-1 D/4-7-55 of the
Agriculture Department.

The proposal for the construction of two Calf stalls in the District Live Stock Farm, Koila, South Kanara District at an estimated cost of Rs.8,500/- per single calf stall may be approved subject to the following remarks.

The following may be left to be decided by the Executive Engineer, South Kanara Division during execution.

- 1.1 Orientation of the buildings.
- 1-2 Design of foundation to suit the soil and sub-soil at site of work.
- 1-3 Finishing of walls may be with cement mortar 1:5, 3/4" thick instead of cement mortar 1:3, 3/4" thick
- 1-4 The Calf pen halls are ill-ventilated. At least one double frame glazed ventilator 2'-10 1/2" x 1'-9" at suitable height in each bay of hall may be provided to admit proper light.
- 1-5 For similar purpose two weld-mesh ventilators at suitable height in the store room may be installed.

2. Notwithstanding these changes enumerated in para 1 above, the amount of estimate of Rs.8,500/- per calf stall remains unaltered.

...

The D.A.H. has reported that the accommoda-
tion available at present in the Dt.Livestock Farm
Koila for calves, is only one block consisting of
four small pens and three big pens having in all
a total floor space of 500 square feet. He has
also reported that as the minimum space required
for a calf is 10 sq. feet, the present accommoda-
tion is not sufficient for ~~all~~ the 75 calves
now in the farm. As the number of the calves is
likely to increase, the D.A.H. proposes to construct
two more calf stalls one on each side of the
existing stalls which will provide accommodation
for 100 calves. He has submitted a plan and
estimates amounting to Rs.8500/- for one calf
~~stall~~ stall obtained from the Executive Engineer
South Kanara division, Mangalore. The total
estimated cost for both ¹²stalls comes to Rs.17000/-.

The Chief Engineer P.W.D. (General) whose
remarks were invited on the above plan and estimate
has approved subject to the remarks made at 'A'
on ^{p5c.f.} ~~p5c.f.~~ However the amount of estimate
remains ~~i~~ unaltered.

In view of the reasons stated by the D.A.H. in para 2 of his letter on page 1 C.F. it is for orders whether the proposals for the construction of two calf stalls at an expenditure not exceeding Rs.8500/- for each stall will be accepted.

P.W.D. and Finance may see before circulation.

238.55
8/23/55 The existing stalls are sufficient only for housing 50 calves as per the report of the D.A.H. Though the D.A.H. in his report, has not given the average strength of calves in the farm during a year, he has stated that the present strength is 75 & that the number is likely to increase. It is not likely that there will be any drastic decrease in the number of calves at the farm as the stock is being gradually increased.

'A' above may be approved

note for P.I. and
may be permitted. In view of the
prevailing financial stringency & the
high cost of labour and material
the present policy of Govt is to

accord sanction only to such building schemes as are immediately and imperatively essential for carrying on the administration. The reasons given in paragraphs 1 & 2 of the Director's letter dt. p.1 C.F. appear to indicate that the 2nd stalls ~~the~~ proposed are essential for the further administration of the Luan Shook Farm in Koba South Kanan Dist. Hence this Dept need not object. The two stalls constitute a major work. Finance will no doubt advise whether the present proposal should come up as a Part II Scheme for 1956-57, or not, may be pushed through in the current year itself. With these remarks the file may be passed on to Finance.

Finance (Gr) Dept.

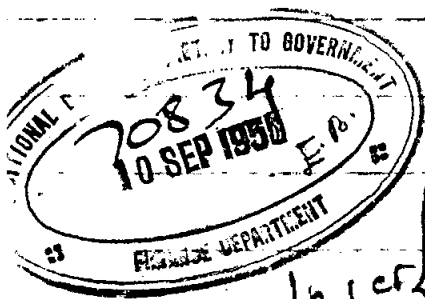

Please see the notes

from p.1 above.

2/ The present strength of calves in the farm is reported to be 75 and the existing stall

Can accommodate 50 of them easily & 75 with some difficulty. A stall to accommodate 25

more calves alone is an urgent need of the farm. In view of this, it does not appear ^{now} necessary to put up two

from 2/p.1 CF

from 1/p.1 CF

stalls at a cost of Rs. 17,800/- with accommodation for 100 more calves. It would seem enough to sanction the construction of one more stall at a cost of Rs. 8,500/- to ~~pro~~ house 50 more calves and to consider the question of putting up another stall as and when the number of calves has increased so much as to call for additional housing facilities. Finance may advise accordingly.

3/ If the above suggestion is agreed to, the work with cost only Rs. 8,500/- and should not be ~~considered~~ treated as a Part II scheme for 1956-57 and may be sanctioned in the current year after obtaining orders in circulation including R(F+E).

above. It is for orders whether the advice of Fin Dept. to construct only one calf stall at a cost of Rs. 8500/- will be accepted; or

whether the proposal of this Dept. to construct two calf stalls at a cost of Rs 8500/- each will be pressed for orders in circulation.

If the above proposal at 'Z' above is approved, it is also for orders whether the construction of calf stalls should be executed during the current year itself.

NOTE FOR CIRCULATION

+++

The case deals with the proposal of the D.A.H. for the construction of calf stalls in the Dt. Livestock Farm, Koila, South Kanara.

2 The D.A.H. has reported that the accommodation available at present ^{for calves} in the Dt. Livestock Farm Koila ~~for calves~~ is only one block consisting of four small pens and three big pens having in all a total floor space of 500 square feet. He has also reported that as the minimum space required for a calf is 10 sq.ft. the present accommodation is not sufficient for the 75 calves now in the farm. As the number of the calves is likely to increase, the D.A.H. ^{But up} proposes to construct two more calf stalls one on each side of the existing stalls, ^{to} ~~which will~~ provide accommodation for 100 calves. He has submitted a plan and estimates amounting to Rs.8500/- for ^{each} ~~one~~ calf stall, obtained from the Executive Engineer, South Kanara Division, Mangalore. The total estimated cost for both the stalls comes to Rs.17000/-.

3 The Chief Engineer P.W.D. (General) whose remarks were invited on the above plan and estimates has approved subject to the remarks made at 'A' on p.5 c.f. However the amount of estimate remains unaltered.

4 This Dept. ^{to} proposed to accept the proposal for the construction of two stalls at an expenditure not exceeding Rs.8500/- for each stall. As the two stalls constitute a major work ^{P.W.D.} asked the Fin. to advise whether the proposal should be treated as a Part II Scheme for 1956-57 or whether it may be put through in the current year itself. Finance have stated that as the existing stall can accommodate 50 calves out of 75 calves, construction of one more stall alone is an urgent need of the farm and have accordingly

at (H)

113-112
x p 56

8 'A' on p 6

6 p 3 and

pp 3-4

suggested the construction of one more stall only at a cost of Rs.8500/- in which case the proposal can be sanctioned in the current year since the expenditure will be Rs.8500/- only. *This Deptt agrees*

5. In the above circumstances it is proposed

a) to accord sanction for the construction of one stall only in the current year; and

b) to ask the D.A.H. to submit proposals for the construction of the other stall as a Part II Scheme for 1956-57.

The case may be circulated for orders.

P.W.

PW. (C₁)

(Pre-note of Dwal- pp 2-3 ante)

Further notes of Finance and Agri and notes in circulation at p 7 ante may be perused.

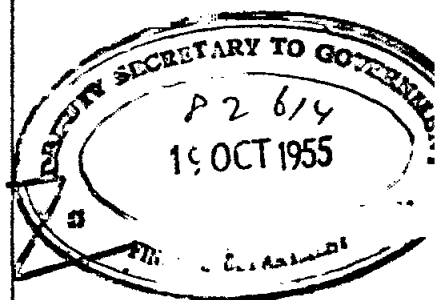

As this expenditure is debitable to '50. civil works' Agri will have to circulate the case to M(W) also.

In regard to this note at B on p 7 ante the following remarks seem called for. The ~~cost~~ estimated cost of one calf stall is Rs 8500/- only. According to the instructions laid down in Paragraph 55 of the Budget Manual works costing more than Rs 10000/- only should be considered as a Part II Schemes. Works costing less than Rs 10000/- are treated as minor works. The expenditure on such work is met from the lump sum provision made in the Budget Estimate. ~~The~~ Order giving a direction to the Director Agriculture as at B on p 7 ante should appropriately issue from the Administration Dept itself. After circulating the case to M(W) Agri may be requested to take ^{necessary} extracts and ~~send~~ ^{return} the file to this Dept for issue of orders w.r. to A on p 7 only.

4/ Within these remarks the case may be returned to Agri thro' Finance.

Please see the notes of P.W.D. on Fin at pp 8-9 ante. P.W.D. have pointed out that works costing more than 10,000/- alone should be ^{considered} ~~treated~~ as part II Scheme and that works costing less than 10,000/- are treated as minor works. It is therefore for orders whether the D.A.H. will be asked to submit proposals for the construction of the other calf ~~roof~~ stall during the year 1956-57.

After orders, a note for circulation will be put up.

24.10.55

24/10/55

'B' above may be approved after which extracts regarding the second calf stall may be taken & action taken by the dep. & the file returned to P.W.D. for issue of orders regarding the stall to be constructed this year.

26.X.55

D.S.

The case deals with the proposal of the D.A.H. for the construction of calf stalls in the Dt. Livestock Farm, Koila, South Kanara.

2. The D.A.H. has reported that the accommodation available at present for calves in the Dt. Livestock Farm, Koila is only one block consisting of four small pens and three big pens having in all a total floor space of 500 square feet. He has also reported that as the minimum space required for a calf is 10 sq.ft., the present accommodation is not sufficient for the 75 calves now in the farm. As the number of the calves is likely to increase the D.A.H. sent up proposal to construct two more calf stalls one on each side of the existing stalls, to provide accommodation for 100 calves. He has submitted a plan and estimate amounting to Rs.8500 for each calf stall, obtained from the Executive Engineer, South Kanara Division Mangalore. The total estimated cost for both the stalls comes to Rs.17000/-.

3. The Chief Engineer P.W.D. (General) whose remarks were invited on the above plan and estimate, has approved ^{the} subject to the remarks made at 'A' on p.5 c.f. However the amount of estimate remains unaltered.

4. This Dept. proposed to accept the proposal for the construction of two stalls at an expenditure not exceeding Rs.8500/- for each stall. As this ~~was~~ two stalls constitute a major work, P.W.D. asked the Finance to advise whether the proposal should be treated as a Part II Scheme for 1956-57, or whether it may be put through in the current year itself. Finance have stated that as the existing stall can

32
6122

p 4 amc

p 7 amc A

p 1 amc 'B'

accommodate 50 calves out of 75 calves, construction of one more stall alone is an urgent need of the farm and have accordingly suggested the construction of one more stall only at a cost of Rs.8500/-, in which case the proposal can be sanctioned in the current year since the expenditure will be Rs.8500/- only. This Department agrees.

5. In the above circumstances it is proposed -

a) to accord sanction for the construction of one stall only in the current year, and

b) to ask the D.A.H. to submit proposals for the construction of the other stall during 1956-57.

The case may be circulated to M(W) as since indicated by P.W.D. in view of the expenditure being allotted to "50. civil works"

29.10.55
P.S. The case has already been circulated to M.(A) & M.(F.I.E) & orders obtained on the proposals given above (p.7.7f) - As P.W. dept. has since indicated that the case may be circulated to M.(W) also in view of the head of account to which the expenditure is to be debited, a note has been put up. Proposals at 'A' & 'B' above

may be approved
